

BOUDJELLALI MERIEM

ENTRY LEVEL DATA SCIENTIST

OBJECTIVE

An entry-level data scientist with a Master's in data science at ENSSEA ,currently seeking a data science opportunity to apply my acquired knowledge, gain practical experience, and further enhance my skills in a professional setting.

SKILLS

- **Machine Learning:** Proficient in developing ML models (classification, regression, and clustering algorithms)
- **Deep Learning:** including neural networks, (CNNs), (RNNs) ..)
- **Statistics** :create predictive models and perform hypothesis testing.
- **SQL:** simple queries, managing databases, and performing data extraction and transformation.

Tools:

- **Python:** expertise in data manipulation libraries , data visualization, DL and ML applications.
- **R:** Proficient in R for statistical analysis and data manipulation.
- **PowerBI:** interactive dashboards for data visualization, and generating actionable insights.
- **Sheets/excel** :(data retrieval, manipulation, and management.)

PROJECTS

Please check my portfolio: BoudjellaliMeriem.github.io

showcasing my skills in Computer Vision, NLP, SQL, Python and Excel.

Please visit my portfolio webpage to explore the work I've done and how I apply these tools to solve real-world problems."

EXPERIENCE

ICOSNET – INTERN

Worked on deep learning and computer vision project in healthcare industry

feb 2024 – June 2024

ALGÉRIE TELECOM – INTERN

Worked on statistical data analysis, Python programming, and data cleaning.

Jul 2023 – Sep 2023

EDUCATION

HIGH NATIONAL SCHOOL OF STATISTICS AND APPLIED ECONOMY – KOLEA

2019 – 2024

Masters degree in Data Science and Statistics, specializing in Deep Learning, Machine Learning applications and statistical analysis.
